*Should include complaints of previous months resolved in the current month, if any.

**Should include total complaints pending as on the last day of the month, if any.

[^]Average resolution time is the sum total of time taken to resolve each complaint in the current month divided by total number of complaints resolved in the current month.

^{^^}Cases received from SCORES pertained to scams run by individual posing as from Barclays – These complainants are not our clients

⁺⁺They were closed in September in SCORES, however we got visibility of the same only later and hence considered in October closures.
